

Leicester,
June 19/74.

Dear Mr. Garrison;

I am very glad indeed that you could go on to the funeral of J. M. McKim; and how much regard, esteem, & true affection will "follow him up to peace & joy forever"!

I suppose, from what Frank wrote me, that you are now, with him, making a little excursion to the Lake George country. I trust you have been able to carry out this plan.

I would like to add \$15. to my subscription for Mrs. Nell & family, - payable anytime after July 1. The subsⁿ might stand at \$25. - of which I have given to her ten dollars, already.

I am obliged to be very brief,

but am, as ever, Affectionately Yrs.

I should rather give more, than not have the plan of purchasing the Liberator for Cornell carried out.

Lamth May.
